JINGLE & JAZZ

Our 8th annual Jingle and Jazz Dinner and Live Auction is quickly approaching. Every year we are striving to make the evening bigger and better and hopefully, we have accomplished that for this year! We have put together some amazing live auction packages and there will be TONS of silent auction items to bid on. Please join us for this amazing event to help MLS make a difference in the lives of special needs adults in our community.

Date: Friday, November 16th

Place: Red Lion Hotel Pasco

**Time: 5:30 p.m. Silent Auction & Wine Tasting
7:00 p.m. Dinner & Live Auction.**

It's very easy to register. Please go to <https://www.modernlivingservices.org/jingle-jazz-2018> and select either Table Host or Individual Ticket from the "add to cart" pull-down menu. The payment is secured through Paypal. It's that easy!

We also want to give a shout out to our fabulous 2018 sponsors. Without them, this evening would not be possible and we are sincerely grateful.

EDISON TERRACE GARDEN

The frost is on the pumpkins at the end of this growing season but the success of the Edison Terrace Gardens project will carry on! The fine gardeners at Edison Terrace South (a developmentally disabled housing development) and Edison Terrace West (a low-income senior citizen housing development) produced a bountiful harvest of cantaloupes, tomatoes, squashes, and peppers as well as some beautiful sunflowers! One of the participating gardener's said it best... **"Gardening is Awesome!"**

And the work doesn't stop even though winter is approaching. Scout Troop 169 is building a shed for the garden for the storage of tools and supplies. They have finished plans for the shed and will commence building soon. Our intrepid Garden Guru, Rosie Sauer, is planting garlic in some of the beds for wintering and spring harvest.

We had a Harvest Celebration on October 6th to celebrate the conclusion of this year's garden. Thank you to all who participated. We hope to see everyone next spring!

UPCOMING RESPITE CARE

Friday, November 30 -
Adult Overnight Event

Saturday, December 15 -
Kids Day

Friday, February 8 -
Adult Overnight Event

CARMINA'S PLACE

We are getting very close to receiving a permit from the City of Kennewick for construction of Carmina's Place! Flavien from MMEC Architects and Paul from Knudsen Engineering have been working hard putting the final touches on the plans and have completed the last of the drawings and calculations. They have been wonderful to work with and we are so blessed to have them helping us. As a result of their hard work, we should have the permit in hand any day now! And once we do, we plan to move out on construction with groundbreaking, earthwork, and foundation all happening before the end of the year. Then by spring, we will be ready to move out on framing and should finish by summer. It is a very exciting time! Keep watch on Facebook and we'll post updates as we progress.

MLS was recognized at the annual Women Helping Women luncheon. MLS is being awarded a grant to expand our respite and art programs. We are anxious to put these resources to use.
